

Procedure for Evaluating Nominations of ISSP Fellow

The procedure to evaluate nominations is a three-step process:

(1) Fellows' Committee* assesses nominations first and expresses suggestions (support or not support); as a member of Fellows' Committee, he/she is expected to give (a) an evaluation on the nominee, and (b) a suggestion (support or not support).

(2) Based on the evaluation of Fellows' Committee, the Awards Committee gives its evaluations (support or not support) and writes up a report for the MC;

(3) ISSP MC will have a final approval.

Awards Committee

Gangyan Si

Robert Schinke

Artur Poczwardowski

*A fellows' committee could consist of 3-5 fellows. The members of fellows' committee are nominated by the chair of Awards Committee.
